25X1

Tanks are being produced [REDACTED] at the J. Stalin Iron and Steel Works (formerly Huta Labedy) in Labedy, a town near Gliwice. The production, begun in 1951, already amounts to ten tanks daily.

25X1

[REDACTED] Comment: Other information states that the foundry at Labedy is only engaged in repairing and overhauling tanks, the last stages of which might look like new tank production to a layman.
